

# DATREX TYPE II INFLATABLE PFD

## DX150T2HBJ

DX150T2HBJ

### TYPE

DATREX TRIDENT 150 TYPE II INFLATABLE LIFEJACKET/PFD

### USES

DATREX Trident 150 USCG Type II inflatable lifejacket/PFD is designed for comfort and continuous wear while near shore or offshore with an automatic and manual inflater mechanism with 35 lbs of buoyancy. Trident 150's cover and hardware are designed for rugged use and harsh environments.

Significant features of the Datrex Trident 150:

- Automatically inflates upon immersion in water
- With manual pull cord
- Universal sizing fits 30" to 65" chest sizes
- Window to indicate readiness
- High visibility chamber color with SOLAS retro-reflective
- For persons 16 years of age or older; and over 80 lbs
- Minimum 35 lbs. of buoyancy
- U.S.C.G. Type II Approval (meets requirements when worn or stored)
- Soft neckline to reduce chafing
- Durable fabrics resist tears and punctures
